5. ACCESS AND CONTROL YOUR PERSONAL DATA

You can view, access, edit, delete, or request a copy of your personal data for many aspects of the Game via your user dashboard. You can also make choices about Piggy Planet's collection and use of your data. You can always choose whether you want to receive marketing communications from us. You can also opt out from receiving marketing communications from us by using the opt-out link on the communication, or by visiting your user dashboard.

- **Data Access:** You can access your personal data on your account's user dashboard.
- **Data Portability:** You can request a copy of your personal data by submitting an email to us and including "Please send me a copy of my personal data" in the "Subject" line. Piggy Planet will verify your ability to access that email, then send you a digital export of the data we hold that is associated with your email address. We will use reasonable efforts to respond to your request within 14 days, but in all events within 30 days of our receipt of the request. Piggy Planet may be limited in its ability to send certain personal data to you (e.g., the identification of your Metamask wallet).
- **Data Erasure:** You can delete your personal data on your account's user dashboard. Please be aware that we require certain information about you in order to make the Game available to you; this means that if you want to delete any of these critical pieces of personal data, you may be required to delete your entire profile and no longer be able to access or play the Game.
- **Data Correction:** You can modify your personal data on your account's user dashboard. Note that since some of the data we collect is specific to you – for example, your Metamask wallet address – you may not be able to modify this data without needing to create a new user profile.
- **Your Communications Preferences:** You can choose whether you wish to receive marketing communications from us. If you receive marketing communications from us and would like to opt out, you can do so by following the directions in that communication. You can also make choices about your receipt of marketing communications by signing into your account, and viewing and managing your communication permissions in your account's user dashboard, where you can update contact information, manage your contact preferences, opt out of email subscriptions, and choose whether to share your contact information with Piggy Planet.

6. LINKS TO OTHER SITES

Our Service may contain links to other sites that are not operated by us. If you click on a third party link, you will be directed to that third party's site. We strongly advise you to review the Privacy Policy of every site you visit.

We have no control over and assume no responsibility for the content, privacy policies or practices of any third party sites or services.

7. DATA RETENTION

We will retain your personal data for as long as necessary to make the Game available to you, or for other essential purposes such as complying with our legal obligations, resolving disputes, and enforcing our agreements. Because these needs can vary for different types of data, actual retention periods can vary significantly. The criteria we use to determine the retention periods include:

- How long is the personal data needed to make the Game available to you and/or operate our business? This includes such things such as maintaining and improving the performance of the Game, keeping our systems secure, and maintaining appropriate business and financial records. This is the general rule that establishes the baseline for most data retention periods.
- Is there an automated control, such as in your user dashboard, that enables you to access and delete the personal data at any time? If there is not, a shortened data retention time will generally be adopted.
- Is the personal data of a sensitive type? If so, a shortened retention time would generally be appropriate.
- Has the user provided consent for a longer retention period? If so, we will retain the data in accordance with your consent.
- Is Piggy Planet subject to a legal, contractual, or similar obligation to retain the data? Examples can include mandatory data retention laws in the applicable jurisdiction, government orders to preserve data relevant to an investigation, or data that must be retained for the purposes of litigation.

8. CHILDREN'S PRIVACY

Our Service does not address anyone under the age of 18 ("Children").

We do not knowingly collect personally identifiable information from anyone under the age of 18. If you are a parent or guardian and you are aware that your Children have provided us with Personal Data, please contact us. If we become aware that we have collected Personal Data from children without verification of parental consent, we take steps to remove that information from our servers.

9. CHANGES TO OUR PRIVACY POLICY

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page.

We will let you know via email and/or a prominent notice on our Service, prior to the change becoming effective and update the "effective date" at the top of this Privacy Policy.
